

Sam

Howdy all! My name is Sam. This summer I am going to be the Teens Coordinator!! I'm currently studying general management at Purdue University. BOILER UP! This is going to be my 2nd year as a counselor where I have spent all of my time at Flat Rocker. This isn't the only camping background I have as I earned my Eagle Scout award in July of 2021. I have been camping for as long as I can even remember now.

This summer I am excited to continue develop and advance what is the CIT and LDP experience. I look forward to being able to lead these teen groups through these programs and teaching them useful leadership and communication skills. My favorite activity from last summer was learning how to operate the camps Alpine Tower and go floating down the river. Last summer Flat Rock gave me so many friends and connections that I knew I had to come back and experience the magic once again and make magic for my campers.

Paige

Hello Friends! My name is Paige and I am from Greenwood, Indiana. I am currently attending IUPUI, where I am a junior studying Health Service Management. I was a camper for 7 years at Flat Rock and this will be my first year on staff! Camp has helped me become the person I am today by instilling the core values into my everyday life and giving me some of my best friends that I still talk to today. I am excited to be a counselor and become a role model in campers' lives and become someone they can look up to and learn from.

One of my favorite camp memories and something I looked forward to every week was Overnight at the Outpost. It was so much fun to spend a night with all the teens, making your meals and playing games. My all time favorite part was sleeping in my hammock and looking up at the stars. Another one had to have been one of my first summers where we hiked out and floated down the river during cabin time. I have not done it since and I would love to make another memory of floating down the river with one of my cabins this summer!

Outside of summer I spend a ton of my time hanging out with friends and my dogs. I also am in my second season of coaching club volleyball, where I assistant coach a 14's team. Some other hobbies include binge watching a show on Netflix, shopping, going to sporting events, listening to music, and swimming.

Jordan

Hello parents and campers. My name is Jordan and I look forward to being your counselor this summer. I live in Indianapolis, Indiana. I recently graduated from Warren Central High School I and plan on taking a gap year then attend Ivy Tech or IUPUI to study radiation therapy.

Although I did not attend Flat Rock, I attended Happy Hollow Children's Camp for three years which was lots of fun. Not only was it fun, it also taught me valuable life lessons. To name a few, camp has resulted in me appreciating the simple things more such as food and drink, shelter, clothes, and people who care about me. I realized I only need simple things to be happy. I also learned that having respect and kindness for everyone makes the world a better place and makes other people feel good which in return makes me feel good.

I am looking forward to making a difference in my camper's lives and being a positive role model they can look up to. At Happy Hollow, my counselors knew how to have fun and goof around with us while still following the rules and maintaining order which is what I plan to do with my campers. Because having fun while learning life lessons is the best way to do it.

A fun fact about me is that I am a wrestler so I have coached younger kids ages 6-9. That experience taught me to have lots of patience and combine fun and learning, so I can do my best to make a positive environment for my campers. I will do my best to make all my campers feel seen and heard so that hopefully they can learn from me and make their peers feel seen and heard as well. From the camp songs I can remember from Happy Hollow, my favorite song is Herman the Worm. Some other fun facts about myself are that I love working out, discovering new music, making YouTube videos, and improving myself.

Leo

Hi there! My name is Leo. I'm from Indianapolis, Indiana and a recent graduate of North Central High School. I will be attending IU Bloomington in the fall where I'm majoring in Informatics. I've been a camper for 11 years and this year will be my first as a counselor.

I absolutely love camp. For me, camp started off as a place my parents sent me to get some time away, but it has turned into a home for me. Camp is about people and the relationships you form at camp are for life. Camp has changed me for the better and helped me grow as a person. I hope to help each camper break out of their shell and express themselves as I did.

I'm addicted to soccer and take any chance I can to play. I am very active and adore the outdoors. I participate in performing arts such as band and show choir. I also spend a lot of my time making things and trying to get my hands working. When I'm not studying or working at camp, you can find me on the soccer field or tinkering with things.

My favorite camp memory is lying under the stars and listening to campfire stories at outpost. It's such a peaceful moment that reminds me of how much fun I had as a camper. And of course, my favorite camp song is The Bear Song!

I believe that my skills and experiences will help me be a strong counselor and role model. As a role model, mentor, and camp counselor, I'm looking forward to making camp as enjoyable for the campers as it was for me when I was their age. I guarantee that all my campers are going to have fun and amazing experiences they wouldn't have outside of camp. I can't wait to make this the best summer for all of my campers!

Brianne

Hey guys! My name is Brianne, and I am from Greenwood Indiana! I am currently a freshman at Indiana Wesleyan University studying elementary education and have spent the past two summers working at a local daycare. This will be my first year as a camp counselor, but I am beyond excited to be a part of this wonderful team here at Flat Rock!

Now that camp is coming up quick, I am looking forward to growing relationships with others, meeting new people, and just having fun! My goal for these campers is to explore new hobbies while also building close bonds with one another. I will strive to be a good role model for these kids by spreading positivity and helping

them create memories that will last a lifetime! Ever since I can remember, I have always had this passion for kids and have wanted to make a difference in their lives. I believe that camp will allow these kids to not only have fun but also to grow in themselves through our campers and staff around them!!

Aside from this, I love spending time with my friends and family, going on spontaneous adventures, and spending time outdoors! I love to find new ways to be active and enjoy exploring the world around me, whether that's looking at stars, watching the sunset, or just playing games outside. Furthermore, I cannot wait to be a camp counselor, and I am so excited to get to know these kids along with the other counselors!
